Create Account

The image shows a screenshot of the Xilinx website's 'Create Account' page. The page has a white background with a light blue header. The Xilinx logo is in the top left, and navigation links like 'Sign In', 'Language', 'Documentation', 'Download', 'Contact Us', and 'Shopping Cart (0)' are in the top right. A search bar is also present. Below the header, there's a horizontal menu with 'Products', 'Applications', 'Support', 'Buy', and 'About Xilinx'. The main content area is titled 'Create Account' in red. It contains a light blue box with a form for creating an account. The form has fields for 'User ID *', 'Corporate Email *', 'Password *', 'Re-type Password *', 'First Name *', and 'Last Name *'. A 'Create Account' button is at the bottom of the form. To the right of the form, there's an 'Instructions' section stating that the password must be at least 7 characters long and contain at least 1 number. The footer of the page includes copyright information for 2013 Xilinx Inc. and various social media icons.

Sign In

The screenshot shows the Xilinx website's sign-in interface. At the top, the Xilinx logo is on the left, and navigation links for Sign In, Language, Documentation, Download, Contact Us, and Shopping Cart (0) are on the right. A search bar with the placeholder 'enter keywords' and an 'Advanced Search' link is also present. Below the navigation bar, a horizontal menu contains links for Products, Applications, Support, Buy, and About Xilinx. The main content area is titled 'Sign in to Download File' in red. It features a light blue box with input fields for 'User ID' and 'Password', a 'Forgot your password?' link, and a 'Sign In' button. To the right of this box, under the heading 'Why register?', is a list of benefits for registering on Xilinx.com, including access to product alerts, support forums, software tools, technical help, special content, and training events. A 'Create Account' link is located below this list. At the bottom of the page, a footer contains copyright information (© Copyright 2013 Xilinx Inc.), various policy links (Privacy, Trademarks, Legal, Sitemap, Feedback, Contact Us), and social media icons for Facebook, Twitter, LinkedIn, YouTube, and Google+.

Why register?

Get easy access to all your design needs when you register on Xilinx.com:

- Sign up for product alerts and news
- Join Xilinx support forums
- Download software and tools
- Order products and tools
- Get technical help
- Gain access to special content
- Register for training and events

Download Install and Get License File

- Support → Downloads and Licensing → Get License File

The screenshot shows the Xilinx website interface. At the top, the Xilinx logo is on the left, and navigation links for Sign In, Language, Documentation, Download, Contact Us, and Shopping Cart (0) are on the right. A search bar is also present. Below the navigation bar, a horizontal menu contains Products, Applications, Support, Buy, and About Xilinx. The Support section is expanded, showing links for Mobile Access for Forums, Support (Product Support & Documentation, Solution Centers, User Community Forums, Engineering Services, Xilinx Alliance Program, Xilinx University Program, Quality), Downloads and Licensing (Download, Get License File, Redeem Product Voucher, Licensing Solutions), Training (Training, Course Listing, Training Schedule, Curriculum Paths, Live Online Training, Videos), and Contact Support (Technical Support, Open a WebCase, Returns and RMA). A note states: "Note: Xilinx employees should Sign In using their Xilinx ID and password." Below this, a "Sign in to the Xilinx Licensing Site" section contains a sign-in form with fields for User ID and Password, a "Forgot your password?" link, and a "Sign In" button. At the bottom, there are links for Legal, Sitemap, Feedback, and Contact Us, along with social media icons for Facebook, Twitter, LinkedIn, YouTube, and Google Plus.

The screenshot shows the Xilinx website homepage. At the top is the Xilinx logo with the tagline "ALL PROGRAMMABLE™". To the right of the logo is a navigation bar with links: "Sign In", "Language", "Documentation", "Downloads", "Contact Us", and "Shopping Cart (0)". Below this is a search bar with the placeholder text "enter keywords" and a magnifying glass icon, with a link to "Advanced Search" below it. A secondary navigation bar contains links: "Products", "Applications", "Support", "Buy", and "About Xilinx".

The main banner features the text "A Generation Ahead" and "Introducing Xilinx UltraFast Design Methodology for the Vivado Design Suite". Below this text is a black box with white text: "Comprehensive design methodology enables accelerated and predictable design cycles." and a red "Learn More" button. To the right of the text is a 3D diagram showing a hierarchy of design blocks: "IP and C Based Design" (containing "IP" and "C IP" blocks) and "Hierarchical Implementation" (containing "Block" blocks). Below the diagram are four small images representing different Xilinx products.

Below the banner is a "Newsroom" section with the headline "Xilinx and Its Ecosystem Showcase Smarter Data Center Solutions at SC13". To the right of the headline are links for "RSS", "Events", "Videos", and "Blog". Below the headline are four featured articles, each with an image and text:

- All Programmable FPGAs and 3D ICs**: Extra node of performance, power and integration.
- All Programmable SoCs**: Hardware, Software and I/O Programmable SoC.
- Next Gen Design Environment**: Productivity. Multiplied. Vivado™ Design Suite.
- All Programmable Smarter Systems**: Solutions for Smarter Networks and Vision.

At the bottom of the page are four columns of links:

- Products >**: Programmable Devices, FPGAs, 3D ICs, SoCs.
- Support >**: Product Support and Documentation, Downloads, **Licensing** (highlighted with a red box).
- Company >**: About Us, Investor Relations, Xilinx in the News, Xcell Publications.
- Leading All Programmable Technology >**: Xilinx is a **Generation Ahead** with leading 28nm All Programmable FPGAs, SoCs, 3D ICs and Design Tools. Learn how we are **Staying a Generation Ahead at 20nm and 16nm FinFET.**
